

“UGLY” FABRIC CHALLENGE

January Program 2010

This is your opportunity to go through your stash and find the “ugliest” fabric you own. This is, of course, subjective. . . . one person’s ugly is another’s beauty !!

The Selection Challenge:

If you want to participate in this challenge, this is what we would like you to do:

- 1. Pick a minimum of four or more “ugly” fabrics.**
- 2. Each piece must measure at least 10 inches square or 8 inches by 12 inches.**
- 3. Total of all fabric must equal at least one yard minimum.**
- 4. Bring all fabric in a paper bag and staple the top shut. (You may decorate your bag. If you like) We will give each bag a number.**
- 5. Please include ONLY quilting cotton fabric. It is OK to include unwashed fabric. You may indicate if it is washed, otherwise it will be assumed to be unwashed.**

The Bidding War:

Those participating in the challenge will have the opportunity to bid on the bag of their choice. No peeking! We will start the bidding at \$1.00 with bids at 50 cent increments.

The Construction Challenge:

For the challenge, we would like each of you to use only the fabrics in the bag. You may use ONLY ONE additional fabric of your choice in the quilt top.

Create a small quilt or quilt top measuring 20 to 30 inches. Can be square, rectangle or any other shape. The entry can be either a quilt top or finished quilt.

Challenge quilts will be displayed and voted on at the **March 2010 meeting.**

The prize for the best quilt will be very nice!!!

Prizes: First, Second, Third Place.
